The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O. ### FOR WINTER WEATHER.

Some Seasonable Suggestions For the Home.

Remember that November will bring many cool, damp, if not stormy days, and for the sake of health you must meet the changes that will come without warring. See that the little coils, both those who go out and those who stay in, are made comfortable in the way of clothing, and look out for the little coughs, colds, chapped hands, roughened faces, chilled feet and sore throats. Save up a bit of nice mutton tallow and make into cold cream or camellia oil; have the bit of "shoe wax" ready for the cracked fingers of those who work out in the wet; teach the children to use the corn meal and vinegar after scrubbing the hands with soap, have the "beauty bags" of oat meal ready for the girls' use, and mix a bottle of glycerine, lemon juice and rose-water, a few drops to be put in the palms after washing and rubbed over the hands and wrists; do this every time the hands are washed, and teach the little folks to use it, especially at night. Boys, especially, suffer great pain from the rough, cracked, water-like skin that comes of careless washing and drying of the hands and face.

Do not overload the body with clothing at first, or at any time; but try to recognize the "internal frost," teach the children to warm up by judicious exercise, right breathing and proper posture of the body. Do not follow food (some call them "food") fads, but see that the family has plain, well-cooked, nourishing foods. But what you like, in moderate quantity, and if you find any one thing disagreeable with your digestion, let it go and try another. Don't eat things just because some one says they are "good for you." Every one must be law unto him or herself, what agrees with one, will be very disagreeable to another. Over-eating is one of the besetting sins of cold weather, and is one of the most prolific causes of sickness and disease. It is surprising how little it takes to keep one well fed—C.

### THE FRIDAY CLUBS.

Pallas Club.

The Pallas club met with Mrs. L. L. Bowman with a good attendance. Roll call was answered by selections from "The Ring and the Book," by Browning, the lesson on the third and fourth books of "The Ring and the Book," was conducted by Miss Winsmore. The teacher in a very interesting manner. Mrs. T. P. Moody read a fine paper on "Venice, the City of the Living Dead."

A social session followed in which the hostess served a delicious salad course. Mrs. E. M. Chamberlain was a pleasant guest of the club.

### Review Club.

The Review club met yesterday afternoon with Mrs. F. Y. Rado on Park street. Roll call was answered by selections from "The Ring and the Book," by Browning, the lesson on the third and fourth books of "The Ring and the Book," was conducted by Miss Winsmore. The teacher in a very interesting manner. Mrs. T. P. Moody read a fine paper on "Venice, the City of the Living Dead."

A social session followed in which the hostess served a delicious salad course. Mrs. E. M. Chamberlain was a pleasant guest of the club.

### Standard Club.

The Standard club had a very enjoyable meeting yesterday afternoon with Mrs. Sam Bronckhorst as hostess. The attendance was good and the club members are very enthusiastic over the interesting years course. Roll call was responded to with facts about the thirteen centuries. The lesson on American literature in the seventeenth century was ably conducted by the teacher, Mrs. Bronckhorst. The Hay View Magazine lesson on early American frontiers and home life proved very interesting and conducted by Mrs. William Pearson.

A well prepared paper was read by Mrs. A. L. Norman on the Philadelphia of William Penn, compared with the Philadelphia of today. A social session followed in which the hostess, assisted by her daughter, Miss Gertrude Bronckhorst, served oyster, soup, tomato and beet salad on lettuce leaf, pickles, watermelon and coffee. The club adjourned to meet Saturday, November 6th, instead of Friday, as it will be Children's Day with Mrs. J. S. Sherrill.
